This product is intended to be used as an aviation hazard map and should not be used for navigation or analysis. Every effort has been made to identify hazards, but this map may be missing potential hazards that could jeopardize safe low-level flight operations. The FAA should be contacted for current information. Further information including eCHUM (electronic Chart Update Manual) and USFIF (United States Flight Information Files) is required in order to be useful or safe for navigation. There may be additional information such as TFR (Temporary Flight Restrictions) included in the NOTAM (Notice to Airmen) issued by the FAA. All of this information can greatly influence safety. No warranty is made by the USDA Forest Service as to the accuracy, reliability, or completeness of this data. This information may not meet National Map Standards.
