

ROSS User Community Reports Index

This ROSS Reports Index identifies report titles, descriptions, and sample formats in the following ROSS Reports folders:

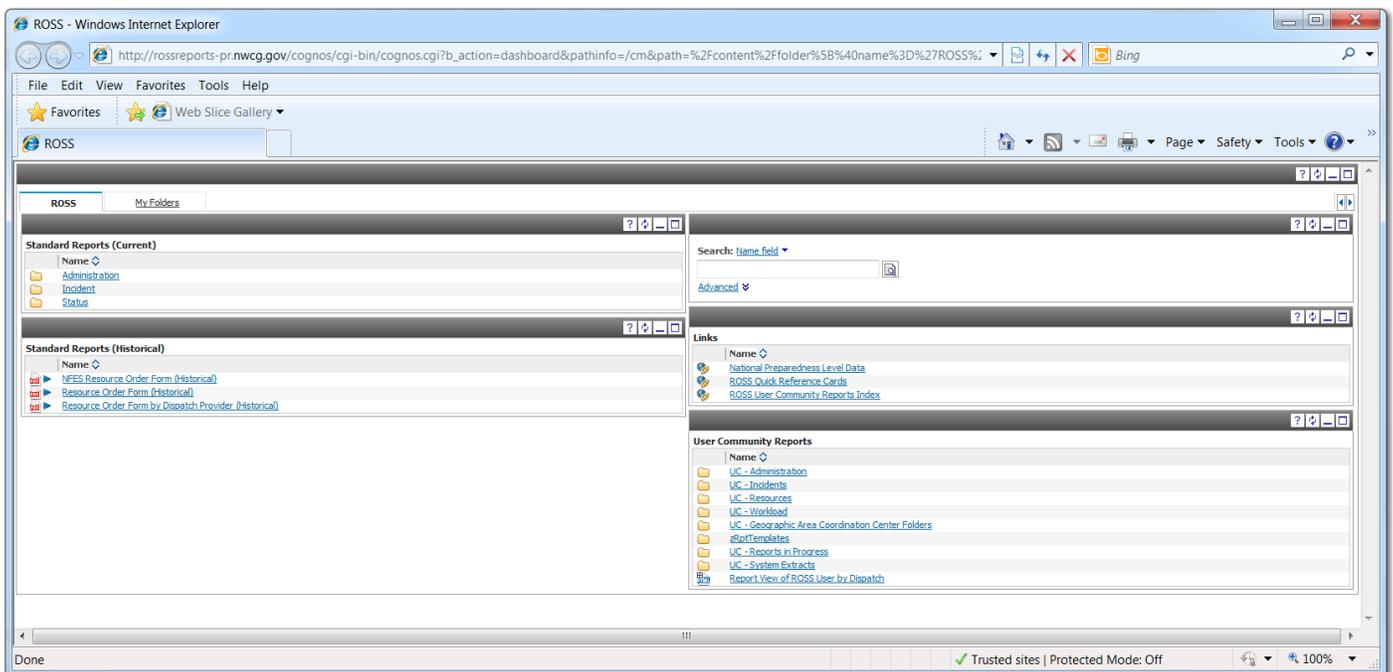

- UC - Administration
- UC - Incidents
- UC - Resources
- UC - Workload
- UC - Geographic Area Coordination Center Folders
- UC - Reports in Progress
- UC - System Extracts.

How to use this index

Several options are available to quickly locate and view the description and a sample of a ROSS Report:

- **Scan** the alphabetical listing of report titles on the last pages of this Index, and then click the associated link.
- **Click** the report title's bookmark along the left-hand side of this Index.
- **Press** [CTRL + F] and then enter search criteria for the report title or the report description.

Reports Portal Page

UC - Administration folder

This folder contains reports that administrative in nature. Typically these report are useful in managing profiles or organizations or resources.

The UC - Administration folder contains the following subfolders:

- UC - Admin Organizations
- UC - Admin Resources.

UC - Administration > Admin Organizations

All Dispatch Organizations Affiliations Report

This report provides dispatch affiliations, for all dispatches in ROSS. The report provides organizational affiliations in a hierarchal format through 7 tiers. It is produced in an excel format. The best way to capture specific sections is to delete all unwanted data as any other data sorting function negatively impacts the affiliation structure.

	A	B	C	D	E	F	G	H	I
1	Org Unit Code	Level 1	Level 2	Level 3	Level 4	Level 5	Level 6	Level 7

All Documentation By Incident number, Request Number, Doc Type and Year

This report is in an Excel spreadsheet format. It contains documentation for requests by selected incident, Request Numbers, Incident Year & Doc Type. (*ATTENTION: When entering the Request Number the filter is case sensitive. Upper Case should be used for the request number prefix) Caution should be used when selecting by this criteria to limit the amount of returned data.

UC - Geographic Area Coordination Center Folders > UC - Alaska Interagency Coordination Center Folder > UC Reports In Progress folder

This folder is to provide a place to post reports that Query Studio users need assistance with. To gain access to post reports users must contact their GACC Reports Representative. The GACC Reports Representative is responsible for maintaining this folder and ensuring only reports that are actively being worked on are present.

Non-Alaskans in AK

This doesn't work quite the way I want it to - when someone comes on a preposition, then gets reassigned to an incident then gets released home from that incident I want all instances of them to go away... and they still show as here on the preposition. Trying to figure out a way to only list people actually physically in the state no matter what kind of order they are on.

UC - Geographic Area Coordination Center Folders > UC - Eastern Area Coordination Center Folder > Reports in Progress folder

This folder is to provide a place to post reports that Query Studio users need assistance with. To gain access to post reports users must contact their GACC Reports Representative. The GACC Reports Representative is responsible for maintaining this folder and ensuring only reports that are actively being worked on are present. This is also where reports that are being considered for the GACC folder can be placed.

UC - Geographic Area Coordination Center Folders > UC - Rocky Mountain Area Coordination Center Folder > UC - Reports in Progress folder

This folder is to provide a place to post reports that Query Studio users need assistance with. To gain access to post reports users must contact their GACC Reports Representative. The GACC Reports Representative is responsible for maintaining this folder and ensuring only reports that are actively being worked on are present. This is also where reports that are being considered for the GACC folder can be placed.

Report View of All Overhead Requests By Incident Dispatch By O-Prefix Only By Date Range

This report provides a listing of all Overhead requests created by an Incident Dispatch, by Agency, by Incident Host, by Incident. Only requests created after 01/01/2011 12:00 AM are displayed.
