

External System Access Needed by CTSP's

ROSS Basic User DMS

<ftp.nifc.gov>

CTSP Email List

CTSP Lessons Learned

ROSS Basic User Role

Needed for ROSS Imports in elsuite

Request Your NAP (NESS Application Portal) User Account

<https://nap.nwcg.gov/NAP/>

Request the Basic User Role be Granted by Your Local Dispatch Center

NAP Passwords expire every 60 Days. Don't let it expire, your account will be locked.

DMS Account

Needed for uploading Daily Financial Accruals from eSuite and End of Assignment Repository files

<http://ross.nwcg.gov/pages/dmsInfo.html>

Complete the DMS Account Request Form and have your dispatch email it to the help desk

Helpdesk@dms.nwcg.gov

DMS Passwords expire every 90 Days. Don't let it expire, your account will be locked.

ftp.nifc.gov

Our secure ftp site. It is accessed with Filezilla , WS_FTP or other ftp clients - using NAP Credentials.

Permissions are needed for posting maps to Incident Specific Data, IAPs to Secure GACC Support, and access to the CTSP folder.

Email the appropriate “account approver” with justification for needed access. Include your NAP login name.

<http://ftp.nifc.gov/>

Add Yourself to the CTSP Mail List

1. Create an e-mail message addressed to ctsp-request@dms.nwcg.gov
2. Enter whatever subject you would like
3. In the body, enter just the following text:
 subscribe
 end
4. Send the message
5. You will receive a follow-up confirmation e-mail message. If you don't see it, check your spam filters. Simply reply to the message; keeping the subject line intact.
6. At that point, the list manager will receive a new request notification. The manager evaluate the request and either confirm or deny membership.
7. Upon approval, you will receive a "Welcome" e-mail message. You are now registered with the mail list.
