Incident: LUMPKIN

39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:

12 hours: **None**

24 hours: **None**

48 hours: **None**

72 hours: **None**

Anticipated after 72 hours:

40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:

- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.

Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.

**Steep terrain, difficult access, and spotting are the primary challenges. The potential to spot across South Fork Feather River and protection of communities and infrastructure remain the highest priority. Suppression efforts are being devised with protection of critical infrastructure in mind, such as the water conveyance system for the City of Oroville and PG&E transmission lines. The strategy is to minimize acreage with direct attack, where safe and feasible.**

41. Planned Actions for Next Operational Period:

**Direct attack, flanking action. The target area is the NE shoulder by Powerhouse Rd, to mitigate the potential for spotting across the South Fork Feather River. Hold and improve line. Begin mop up.**

42. Projected Final Incident Size/Area (use unit label – e.g., “Acres”, “Square Miles”): **1,000**

43. Anticipated Incident Containment or Completion Date: **09/18/2015**

44. Projected Significant Resource Demobilization Start Date: **09/21/2015**

45. Estimated Incident Costs to Date: **\$2,900,000.00**

46. Projected Final Incident Cost Estimate: **\$10,000,000.00**

47. Remarks (or continuation of any blocks above – list block number in notation):

**Mandatory evacuation remains in effect for Ponderosa Way from Lower Forbestown Rd to Ponderosa Reservoir/S. Fork Feather River, and for Broken Springs Rd. Evacuation warning exists for Forbestown Rd to New York Flats and Lumpkin Rd to Boat Launch.**

**A hard road closure remains in effect for Ponderosa Way from Lower Forbestown Rd to Ponderosa Reservoir/S. Fork Feather River.**

**Acreage increase is expected due to fire backing toward South Fork Feather River and completion of ground truth mapping next operational period.**
