Date and Time Products Delivered to Incident: 08/19/2015 @ 0115 PDT		Digital files sent to: ftp://ftp.nifc.gov/incident_specific_data/pacific_nw/2015_Incidents_Oregon/2015_EIDorado/IR/20150819	
Comments /notes on tonight's mission and this interpretation: Incident straddles the Baker-Malheur County line and both sides of U.S. Highway 26 from the Unity State Forest Wayside, across Eldorado Pass, to 1.5 miles west of Middle Willow Creek crossing. There has been little change in the heat perimeter since the last flight and the only a few pockets of intense heat remain along the southeastern perimeter. Heat perimeter has reached Lake Gulch to the north, Long and King Creeks to the west, North Willow Creek to the east, and Bridge Creek to the south. Isolated heat spots located outside of the heat perimeter are labeled on the map.
