## INCIDENT Weather Forecast

**FORECAST NO:** 1  
**PREDICTION FOR:** Sun-Mon 0700-0700  
**SHIFT DATE:** July 1-2, 2018  
**FORECAST ISSUED:** 2000, June 30, 2018

**NAME OF FIRE:** County Fire  
**UNIT:** Sonoma Lake Napa  
**Incident Meteorologist:** Dan Harty

*Dan Harty*

### ***...Red Flag Warning for Gusty Winds & Low Relative Humidity Through 3 PM this Afternoon...***

**WEATHER DISCUSSION:** Gusty northerly winds will continue today but are expected to decrease in the afternoon. Winds may switch to southwest by late afternoon with gusts to around 15 mph. Temperatures will remain very hot today with slightly higher humidity. An upper trough will begin to move over the region on Monday for a significant cooling trend along with higher humidity and lighter winds through midweek.

#### **WEATHER FORECAST for SUNDAY:**

**WEATHER:** Sunny.

**MAX TEMPERATURES:** 104-109°

**MIN HUMIDITY:** 11-16%

**20 FOOT WINDS:**

**SLOPE/VALLEY -** North 12-17 mph with gusts to 25 mph.

**RIDGETOP -** North 15-20 mph with gusts to 30 mph.

#### **WEATHER FORECAST for SUNDAY NIGHT:**

**WEATHER:** Clear.

**MIN TEMPERATURES:** 65-70°

**MAX HUMIDITY:** 52-62%

**20-FOOT WINDS:**

**SLOPE/VALLEY -** Southwest 8-12 mph with gusts around 18 mph, decreasing after midnight and becoming northerly 5-10 mph by morning.

**RIDGETOP -** Westerly 5-10 mph with gusts around 15 mph in the evening, becoming north northeast 8-12 mph with gusts to 20 mph after midnight.

**OUTLOOK for Monday:** Sunny. Maximum temperatures 97-102. Minimum relative humidity 17-22 percent. North northeast 8-12 mph with gusts to 18 mph in the morning, becoming south southwest 5-10 mph with gusts to 15 mph in the afternoon.

## FIRE BEHAVIOR FORECAST

FORECAST NUMBER: 001	TYPE OF FIRE: Wildfire
FIRE NAME: County	OPERATIONAL PERIOD: July 1, 2018 Sunday
	TIME ISSUED: 2000
UNIT: CAL FIRE-Sonoma, Lake, Napa	SIGNED: 
	Typed/printed: Garrett Hazelton Fire Behavior Spec.

### INPUTS

**WEATHER SUMMARY: Daytime:** Sunny with temps near 104°-109°. Relative humidity 11% - 16%. North 20 foot winds up slope/up valley 12-17 mph: Ridgetop 15-20 mph with gust to 30 mph decreasing into the afternoon.

**Night time:** Weather will begin to transition into near red flag conditions setting up for the weekend. Clear with temps near 62°-67° and relative humidity 45-55%. 20 foot winds 5-10 w/ gusts to 12 mph becoming north overnight 8-12mph.... Ridgetop winds near 20 mph gusts

### OUTPUTS

#### FIRE BEHAVIOR

##### GENERAL:

**\*\*\*RED FLAG FIRE DANGER\*\*\***

Fire is being wind driven to the south of the origin. Strong topographical features will offer noticeable changes in fuel loading. To the west of Blue Ridge the grasses will increase the ROS. Be on the watch out for a wind shift occurring in the afternoon. Winds will be coming from the west which places the canyons in direct alignment with afternoon winds. Burn scars to the west of blue ridge are greater than 10 years old and will offer limited fuel modification to slow fire progression.

##### SPECIFIC:

Fuels are burning in a mix of chamise, manzanita, and scrub oak. These fuels burn hot and volatile with flame lengths over 25'. ROS is expected to be above 130 ch/hr with correct alignment of topography and winds in the heavy fuels.

Grass fuels are expected to burn with a ROS 55 – 60 ch/hr and flame lengths 8' - 11'

PIG 100% in the morning and lowering throughout the day.

**AIR OPERATIONS:** Favorable weather conditions beginning in the morning expected to last for the day.

### SAFETY

Identify the potential for slope and wind alignment with head fire to develop.

Increasing high winds will contribute to a rapid rate of spread identify the fires potential before engagement.

Have your Primary plan in place with constant evaluation on Alternate and Contingencies.

Your Emergency plan must have time to execute to be achievable....PACE

Constant evaluation is paramount on routine days with live and dead fuels approaching critical levels.

# SAFETY MESSAGE

## *ac·count·a·bil·i·ty*

*1. the obligation of an individual or organization to account for its activities, accept responsibility for them, and to disclose the results in a transparent manner.*

- RED FLAG WARNING IN THE AREA!! Watch for changing weather conditions.
- Make sure everyone gets a briefing!
- Trees are weakened due to fire activity. Look Up, Look Down, and Around.
- Monitor your hydration/nutrition intake and keep adequate supplies of each.
- Drive defensively and expect the unexpected.
- Watch for hazards while working around structures (IRPG pg.13)
- Treat all downed power lines as energized. (IRPG pg.24)

## SNAG (Hazard Tree) SAFETY:

- Size up snag hazards in work area
- Never become complacent
- Always look up
- Get weather reports
- Scout out parking, work areas, and safety zones
- Advice co-workers of known hazards
- Face your hazards and take appropriate action
- Examine work area for other hazards
- Take extra caution around heavy equipment
- You are responsible for your own safety

Acreage:	Containment:

Update

409.5

**MEDIA** – The California State Penal Code, Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the areas of concern. More information can be found [here](#).

**CAL FIRE SOCIAL MEDIA POLICY** – When assigned to a CAL FIRE incident, you will adhere to the CAL FIRE Social Media Policy, Section 0691. You can find further information about the CAL FIRE Social Media Policy [here](#).

Social Media

**PHOTOGRAPHS AND VIDEOS OF INCIDENT** – We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Unfortunately, we have seen some instances of photographs or videos that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens, it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could expose oneself to unwanted ramifications. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness.

The Public Information Office would like copies of the video and pictures that you safely took while not in an emergency situation, fire suppression activity or in an overhead assignment. Bring your video and pictures to the Public Information trailer; they will be reviewed and possibly uploaded to our many CAL FIRE social media sites. Remember, we don't want photographs or videos that depict unsafe, unprofessional or embarrassing circumstances, which are a serious breach of ethics.

**LOST AND FOUND** – The Information Section will manage lost and found items for the incident. If you have lost an item please leave your contact information and what you have lost at the Information Section. If you have found an item on the incident, bring the item to the Information Section with your contact information as well.

**MAIL SERVICE** – The Information Section can assist you with sending and receiving mail.
